DDI ACTIVITY REPORT ITEM
(11-15 October 1965)USSR-China Intelligence Map Series, 1:250,000

Representatives of OBI met on Wednesday, 13 October, with personnel of DIA's Directorate of Mapping, Charting, and Geodesy (DIAMC) to present the coordinated CIA statement of area priorities for production of the 1:250,000 Intelligence Map Series on Communist China and the USSR. Representatives of NSA and of the DIA Production Center also participated in the meeting, to discuss their area priorities for China; their priority area requirements differ slightly from those of CIA, but the differences appear to be resolvable. DIAMC will analyze the requirements of the three organizations in the light of other DoD mapping programs and their total map production capability, and within two or three weeks will present their proposed schedule for production of the Intelligence Map Series.
